WELCOME TO HAWAII'S SPECTACULAR BEACHES AND LUSH VALLEYS

Here is Hawaii's only true metropolis, its seat of government, center of commerce and shipping, entertainment and recreation mecca, a historic site, and an evolving urban area—conflicting roles that engender endless debate and controversy. For the visitor, Honolulu is an everyman's delight: hipsters and scholars, sightseers and foodies, nature lovers and culture vultures all can find their bliss.

Once there was the broad bay of Mamala and the narrow inlet of Kou, fronting a dusty plain occupied by a few thatched houses and the great Pakaka heiau (shrine). Nosing into the narrow passage in the early 1790s, British sea captain William Brown named the port Fair Haven. Later, Hawaiians would call it Honolulu, or "sheltered bay." As shipping traffic increased, the settlement grew into a Western-style town of streets and buildings, tightly clustered around the single freshwater source, Nuuanu Stream. Not until piped water became available in the early 1900s did Honolulu spread across the greening plain. Long before that, however, Honolulu gained importance when King Kamehameha I reluctantly abandoned his home on the Big Island to build a chiefly compound near the harbor in 1804 to better protect Hawaiian interests from the Western incursion.

Two hundred years later, the entire island is, in a sense, Honolulu—the City and County of Honolulu. The city has no official boundaries, extending across the flatlands from Pearl Harbor to Waikiki and high into the hills behind.

LET'S CELEBRATE WITH US NATIONAL & INTERNATIONAL FOOD & BEVERAGE DAYS

TODAY: Granola Bar Day (USA) & New England Clam Chowder Day (USA)

At Silversea Cruises, we take maximum food precautionary measures to ensure the safest quality product is offered to our guests; Worldwide Public Health Services advise that consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food-borne illness, especially if you have certain medical conditions.

HAND WASHING & HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
