## NAWILIWILI, KAUAI, HAWAII

### EXPLORE THE "GARDEN ISLAND" WITH ITS LUSH GREENERY AND VIBRANT FLOWERS

Known as the Garden Isle, Kauai is the northernmost and geologically oldest of the Hawaiian Islands. Nearly circular in shape, only three percent of the land area has been developed for residential and commercial use, with the remaining 97 percent divided between agriculture and conservation.

The majority of the island's population of 52,000 lives and works in the coastal areas. The interior of the island is spectacularly beautiful and pristine. In the centre rises Mount Waialeale, a remnant of an extinct volcano that gave birth to the island. In 1778, Captain Cook anchored the Resolution and Discovery off Kauai at the mouth of the Waimea River, 25 miles (40 km) west of the capital of Lihue. This was Hawaii's first contact with Western civilisation.

Nawiliwili Harbor was established as Kauai's principal port in 1930. It was named for the Wiliwili trees that were once abundant in the area. Kauai's near perfect year-round temperatures and the refreshing breezes from the northeast trade winds attract thousands of travellers each year to this island paradise.

### SIGHTS

- Ninini Point Lighthouse
- Nā Pali Coast State Wilderness Park
- Kauai Plantation Railway

### LIMAHULI GARDEN & PRESERVE, NATIONAL TROPICAL BOTANICAL GARDEN

Limahuli Garden and Preserve is located on the north shore of the island of Kauai in one of the most biodiverse valleys in the Hawaiian Islands.

Home to dozens of endangered plants and birds found nowhere else on earth, Limahuli Garden and Preserve highlights native and culturally-significant species in an authentic Hawaiian landscape. An ecological system that honors the connection between nature and humanity, where indigenous traditions live in the 21st Century.

## LET'S CELEBRATE NATIONAL & INTERNATIONAL FOOD & BEVERAGE DAYS

TODAY: Rhubarb Pie Day (USA)

*At Silversea Cruises, we take maximum food precautionary measures to ensure the safest quality product is offered to our guests; Worldwide Public Health Services advise that consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food-borne illness, especially if you have certain medical conditions.*

## HAND WASHING & HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water.

Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
