# BOAT BUILDING COMPETITION

PREPARE TO GET CREATIVE AND GET CRAFTING

▶ THE OFFICIAL START WILL BE ANNOUNCED IN THE CHRONICLES

A renowned and highly participated World Cruise tradition is our annual boat building competition. In this entertaining contest, we call all our guests to put their brains and creativity to the test in building a 'Sea-Worthy' boat. The boats have to undergo certain trials and challenges in order to be crowned the *Silver Shadow* champion. You are invited to work alone or in teams. The boat will be tested on overall creativity of design and presentation, ability to float un-assisted in the pool, and on amount of weight it can hold (the weights used will be 12oz. cans, so the ship needs to be designed to hold those types of weights).

You may use any materials that you can find around the ship for the construction of your boat, provided that you will not cause damage to any property of the *Silver Shadow*. We also want you to 'create' your ship, so no using of large materials such as life-jackets, trash cans, etc, and the total length of the ship can be no longer than 40 inches (100cm). We will set up a table that will have materials available for you to use in the construction of your ship. These materials will only be available at the times listed in the Chronicles, so plan accordingly. Be as creative as you want in your presentation and design, and most importantly, HAVE FUN! If you have any questions, please contact Cruise Director Moss or your International Hostesses in the Cruise Director Office on Deck 5.

## LET'S CELEBRATE NATIONAL & INTERNATIONAL FOOD & BEVERAGE DAYS

TODAY: Chilli Day (USA)

*At Silversea Cruises, we take maximum food precautionary measures to ensure the safest quality product is offered to our guests; Worldwide Public Health Services advise that consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food-borne illness, especially if you have certain medical conditions.*

## HAND WASHING & HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
