VICTORIA, CANADA

RICH COLONIAL HISTORY, BEAUTIFUL PARKS, FANTASTIC FOOD & INCREDIBLE WILDLIFE

Set on the southern tip of Vancouver Island (although nowhere near Vancouver the city), Victoria (the city) is nowhere near Victoria Island. Confused? Victoria may be Vancouver's smaller sister in size but what it lacks in bright light big city bustle, is more than made up for by its fantastic foodie scene, historical background and its glorious natural surroundings. What's more, stop any local and you'll find a charming population, full of friendliness and pride for their city.

Easily walkable, Victoria is full of blooming gardens, coastal paths, engaging museums, and beautifully restored 19th-century architecture. Pods of friendly whales have been known to visit the harbour, attracted by the fertile waters. Three resident pods of Orcas live in the nearby Puget Sound, Gulf and San Juan Islands. Nothing beats the feeling of standing on the viewing deck, binoculars in hand, listening to the eerie communication of the beautiful black and white beasts.

Discovered by Captain James Cook in the 18th century, Victoria - and Vancouver Island - had long been home to many indigenous families. The city retains its roots to its First Nation culture, thousands of examples of which can be found in the spectacular collection housed at The Royal BC Museum.

People flocked to the area after gold was discovered in 1858, bringing adventurers from as far afield as Australia. This diversity of population was further cemented in the 19th century when thousands of migrant workers were brought in to build the railway.

CRAIGDARROCH CASTLE

Craigdarroch Castle was built by Scottish-born coal and shipping baron Robert Dunsmuir. The immense fortune of the Dunsmuir family is reflected in the four floors of exquisite stained glass windows, intricate woodwork and fabulous Victorian-era furnishings and the museum is open year round for self-guided tours.

Craigdarroch Castle has one of North America's finest collections of Victorian residential stained and leaded glass windows, all of which are believed to have been produced by an American studio.

HELP US HELP THE PLANET

Silversea is strongly committed to sustainability. We have implemented onboard initiatives to minimise our impact on the environment.

One of them is Vero Water, the best filtration system there is at the moment. This system allows us to produce on board high-quality, 100% purified, still or sparkling water.

By producing this water on board, we are drastically reducing our carbon footprint by no longer bringing in bottled water from the other side of the world, and we are eliminating a large proportion of our waste, thereby helping to protect the planet.

These bottles are available in your suite and are filled by your Butler. Vero Water is also available in all our restaurants and bars.

HAND WASHING & HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands.
