MALÉ, MALDIVES

Endless coral reefs, pristine white coral sand and balmy turquoise seas

There are many nations around the world with bragging rights to miles of pristine white coral sand and balmy turquoise seas but few can take it to the same level as the Maldives. Its 1,200 islands are spread out over 26 coral atolls; the combined land of all the islands is little more than 100 square miles. That means you are rarely more than a few steps from the beach.

Many of the villas are actually built on stilts out over the water, so you may actually have to walk onshore in order to get to the beach.

Besides curling your toes in the sand, many people come here to sample the Maldives enviable world-class dive spots. Others simply snorkel among the endless coral reefs. There are so many coral atolls here that our English word derives from the Maldivian name atholhu.

24-hour

The menu is available on the TV.

To place your order please contact your butler or call extension 500. In-Suite Dining is also available in other public areas when our dining venues are not open for service.

At Silversea Cruises, we take maximum food precautionary measures to ensure the safest quality product is offered to our guests; Worldwide Public Health Services advise that consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food-borne illness, especially if you have certain medical conditions.

HAND WASHING & HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
