PRASLIN, SEYCHELLES

The lush jungle

Loved by those who like their paradise just as nature intended, Praslin is one of the Seychelles' most beautiful islands. And why? Anse Lazio – the island's beach is a repeated winner for world's best, making the island a pull for travellers who want to go the extra mile to find an unblemished island nirvana. Praslin might be the second largest of the Seychelles islands but at just 11 kilometres long and 4 kilometres wide, it is still very small. The difficulty in getting to it (other than arrival by sea there is a small airport that only flies to and from Mahe) means there are no modern attractions – on the contrary, entertainment comes very much in the flora and fauna of the land and surrounding sea.

The island's original name is Isle de Palmes and it's not hard to see why. The lush jungle that makes up the island's interior has it all; bubbling brooks, winding paths and towering trees that provide welcome respite from the sun. This is the true heart of the island; not only is the jungle home to the endemic Black Parrot (fewer than 1,000 of these birds are in existence) but also the famous Coco de Mer, the world's heaviest nut, grows abundantly in the wild. The nut is the stuff of legends. Early beliefs were that the palm grew under the Indian Ocean and that its fruit held healing powers. Even when it emerged that the tree did in fact grow on dry land, it still held mystique; the new folklore was that in order for the 25 kilo nut to grow, male and female trees had to embrace on a stormy night.

SHOPPING

Shoppers can find a variety of goods, from handcrafted jewelry and traditional artwork to locally made spices and clothing, there is something for everyone to discover.

Sir Selwyn Clarke Market, famous for its fresh seafood and handcrafted items, is another must-visit for authentic Seychelles souvenirs. Praslin Island offers a more laid-back shopping scene.

At Silversea Cruises, we take maximum food precautionary measures to ensure the safest quality product is offered to our guests; Worldwide Public Health Services advise that consuming raw or undercooked meats, seafood, shellfish, eggs, milk, or poultry may increase your risk of food-borne illness, especially if you have certain medical conditions.

HAND WASHING & HAND SANITIZING

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean running water. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands. Please use the hand sanitizers situated at the entrance door of the dining outlets and various locations around the ship.
